Questions about our plans? We have answers.

Who can purchase a plan?

Coverage is available to all permanent residents of Maine, New Hampshire or Vermont who are not enrolled in an employer-based dental plan or any other individual dental plan. Spouses and/or dependent children are also eligible. In summary, coverage can be purchased by singles, two-person households or families.

Can I get dental coverage if I am part of a Medicare plan?

Yes. Delta Dental plans are a smart choice to fill dental coverage gaps in Medicare plans. Medicare Parts A and B exclude routine dental care and Medicare Advantage plans vary greatly in the amount of dental coverage they provide. Medicare annual enrollment periods don't apply to dental coverage from Delta Dental, so you can enroll with us any time.

What happens when I travel?

Delta Dental coverage goes wherever you go, in or out of the state, to your secondary residence or with college students as they travel across the country. You'll have peace of mind knowing your dental needs are taken care of!

What services are not covered?

One example is cosmetic services. For a complete listing of benefits, terms, limitations and exclusions of all of our individual plans, please go to [DeltaDentalCoversMe.com](https://www.DeltaDentalCoversMe.com) or call 1-855-243-8335.

How soon can I have coverage?

Your policy could be in effect on the first day of the month following approval of your application, if you apply before the 27th of the prior month.
